<i>Office of Faculty</i>					
Mentorship	New Associate Professors Program	The OWISM will be inviting all newly promoted women Associate Professors to participate in an innovative program. This program will provide a networking luncheon giving female faculty the opportunity to meet. New Associate professors will receive guidance from senior women Associate Professors about how to stay on track in anticipation of continued success at the SOM. Newly promoted women Associate Professors will be identified and contacted about this event.	Office of Women in Science and Medicine (OWISM) Joanne Drake (jdrake5@jhmi.edu)	Annually, March	
Mentorship	Bridging the Gap Program	The OWISM, in collaboration with the Professional Development and Career Office, has launched a series called "Bridging the Gap" which has been developed for women Post Doctoral students (both in the basic sciences and clinical areas) and junior faculty. Our hope is that early networking opportunities will result in retention of valuable women faculty long term.	Office of Women in Science and Medicine (OWISM) Joanne Drake (jdrake5@jhmi.edu)	Pending

Mentorship	Mentee Rules	Do you wish you were getting MORE from your Mentee-Mentorship relationship? Do you want to help your Mentor jump-start your rise through the academic ranks? How can you optimize the value you get from your Mentor? This workshop teaches best practices for being a Mentee and provides tips for maximizing the benefit your Mentor can provide. The Mentees Rule!	David Yousem (dyousem1@jhmi.edu) Associate Dean for Professional Development	On hold	
Mentorship	Master Mentor Program	The MMP is a 20-hour program that includes four 3-hour workshops (feedback and communication skills, increasing motivation, coaching and problem-solving, managing career transitions) and four 2-hour luncheons (case discussions and special topics, guest speakers, sample mentoring programs)."	David Yousem (dyousem1@jhmi.edu) Associate Dean for Professional Development	On hold
